The Oneida Community--Statistics for the Year 1866.

The Oneida Community people increased their capital $18,000 in the year 1866. During that time, also, they fitted up an apartment for silk-spinning, the machinery being of their own manufacture. They placed new machinery in operation at a cost of $12,000. They made during the year 195,000 traps, and have sold 211,998, amounting to $88,468 28, and still have on hand stock to the value of $34,000, the same having been carried over from previous years. The sales of their preserved fruits alone amounted to $50,000. They also made 583 dozen traveling bags and sold 702 dozen, amounting to $32,245 13. For outside labor during the year they paid $28,000, and taxes to the amount of $8,809 29.
